

11<sup>th</sup> January 2021

Dear Parents,

We hope that you are keeping safe and well. As you know, schools will remain closed until the 1<sup>st</sup> of February. Google Classroom will be used as our learning platform for the coming weeks.

We believe it is very important for your child to continue learning at home and to remain in communication with their class teacher. We understand that this is a difficult time for families so we only ask children to do their best to complete whatever they can each day without feeling under pressure. We hope, however, that with your support and help, your child will complete a number of the daily tasks set by their teacher.

The teachers will assist and encourage your child by communicating with her/him through Google Classroom. We are relying on you as parents to monitor your child's usage of their knockns google account and to ensure that it is used for appropriate educational purposes only.

Parents of children who experience any difficulty accessing their Google account should use the contact details provided in the table below to let us know.

At this challenging time, we encourage you to help your child establish a good daily routine which involves starting schoolwork in the morning and making regular submissions to the class teacher throughout the school day.

We will be sincerely grateful to parents who support their children to engage with our remote learning programme for the duration of this school closure.

Yours faithfully,

Máire Boyle and Shirley Horkan
